Dear Sir,

There is substantial increase in PA6 virgin & recycled RM prices during the last 3 months and our principle has increased the price last quarter itself which we have already absorbed now they have given one more increase in this quarter hence we request your support to overcome the challenge.

We will be implementing a price adjustment on AGILON 30GFI effective 1<sup>st</sup> July 2024. (For all purchase order & supplies for July'2024.)

From 1<sup>st</sup> July 2024, the effective price of APP-Grade AGILON30GFI will be Rs. 142/- 144.00/Kg+ EXW. Chennai.

Also please note we have not requested any price increase for the past one year for this grade hence you will consider and agree for this increase.

Thank you for your continued loyalty.

Thanks and Regards
